GEO. RITCHIE & CO.

1877. SPRING. 1877.

To our Customers throughout the Counties of flastings and Prince Edward and the surrounding country, we beg to return our thanks for past favours, and again to assure them that our business shall be conducted upon the same principles in the future as it has been in the past.

Our stock is now complete for the season, and for the information of the general public we would here state that, owing to our business connections in Britain, and the extent of the trade done by us in Belleville, our house presents such advantages as can be offered but by few firms in the Dominion.

We have a buyer resident in England, who knows where to buy the cheapest and the best. This person buys not only for us, but buys at the same time for townly five or thirty other stores like ours in Canada and the United States. In this way us not only dotain access to the best and cheapest markets, but also get the benefit of large purchases; and moreover, prompt cash is paid for all goods bought for us in Britain, saving to us the discounts on purchases so made. Thus we secure our stock at as low a figure as does the larguest Wholesale Houss in Montread or Toronto. So, buying cheaply we can sell cheaply.

Further, an order to bring the price still lower, we adopted last January the strictle Cash System, thereby effecting a considerable saving by avoiding bad debag, eative expense in keeping books, interest on outstanding accounts, see, our customers who always pay cash will be benefited by this as well as our-selves.

During the twenty years we have been in

selves.

During the twenty years we have been in business in Belleville we have succeeded in building up a very large trade, so that we are now by far the largest Importers of Dry Goods in this part of the Province, a fact which can be attested by the entries at the Custom House here.

The larger the trade done the better it is for the customere as well as the storekeeper, and our aim is still further to extend our business by offering every inducement to those in need of goods in our line, which price, quality and fair dealing can do.

Our stock embraces the following departments:

Brussels Carpets, Tapestry Carpets, Imperial Carpets, Super and Extra Super All-Wool Carpets, Real Dutch Carpets, Imitation Dutch, Union Carpets, Felt and Linen Crumb Cloths, Hearth Rugs, Door Mats Stair Carpets in Brussels, Tapestry, Venitian and Albert, English Floor Oil Cloths, Cocoa Matting, &c.

Another Great Battle!

FIFTY-NINE THOUSAND

PART

Of these goods were seized in transit, having been imported by a wholesale firm who became insolvent, and were purchased by the undersigned at a great sacrifice. The above also comprises a Benkrupt Stock and first-class staple goods purchased at the recent Great Auction Trade Sales in Toronto, at extraordinary low prices. The whole forming one of the largest and best as sorted stocks of Fall and Winter Dry Goods and Clothing that has ever been shown in Belleville.

We have not time

To give a list of the prices that these goods will be sold at in this advertisement, but will do so in our circulars which will be sized in a few days, also in next week's Ontario. In the meantime, we can assure our customers we will sell the goods a

BENEFITS.

In order that the benefits to be derived from this great sale may be within the reach of all, the goods have been marked slow and the inducements that are offered are so great that all the sales of bankrupt stocks and the thousand and one other sales that have flooded the market this year fade away and disappear into insignificance when compared with this most gigantic sale

Terrible! Terrible!

to then in the variation of the price, present rate is 01s and 01, a price is need certainly be professed. Large To see goods sacrificed in such a manner. They are actually throwing them away. It will be a great blessing to the trade when they are sold out. These words may be often heard among dry goods merchants when they are talking about Walsh into till the season close.

Whereat as Reported at the way are actually throwing them away. It will be a great blessing to the trade when they are sold out. These words may be often heard among dry goods merchants when they are talking about Walsh Great Cheap Sale. It is very true we are almost throwing the goods away, but we are recompensed for it, by selling tremendum and the season close. Money Market, as Reported at the Exchange Office of U. E. Thomp

On the Take.

On the Take means that we are bent upon taking money. All ideas of profits or of making money during this great cheap are discarded.

A. T. Stewart.

This celebrated New York merchant during a crisis let his goods go for any price to help the public, hence his great name and glory. We always make it a point to sell cheaper than any one else, and do not mind selling without a profit when time are so hard and money so scarce.

ALWAYS

Trade with those who handle large lines of goods. We will handle tremendous piles this Fall. With unsurpassed facilities and a constant and steady increase in our business we are enabled at any time to grapple the LARGEST lines, quantity being no object, as long as the value is satisfactor. Customers may, therefore, always rely upon finding with us the most desirable and seasonable goods at PRICES not to be approached by others.

Opportunity.

This will be, we believe, the best opportunity the public have ever had of purchasing new, staple, standard, first-class good at nearly haif the price usually asked for them.

What they say.

There are merchants in this town who are in the habit of saying that we always sell our goods too cheap. We wonder what the will think of us now when they hear of the low figure of each article on our price list (see cirular). However we don't care so long as we benefit the public, and that we are bound to do this Fall.

THANKS.

We beg to tender our most sincere thanks to the public for the extraordinary success which has attended our Great Bankrupt Sale during the summer, and in order to retain our reputation of being the cheapest dry goods house in town, we are now prepared to offer some of the most stupendous bargains that have ever been seen in Belleville. The goods are marked so low that workingmen earning only 50 cents a day can save money if they only lay it out economically and come to our Great Fall Sale. Get our circular and look at the grand array of prices and it will completely surprise you that goods can be given away for so little money.

WHY

Everybody wishes to go to Walsh's? All want to buy goods at Walsh's. Why? because it is universally known that everythin s sold cheaper there than anywhere elso.

GO FAST.

These goods will run, off fast, so parties in search of bargains would do well to call at once

NO CREDIT

All sales strictly cash, credit will positively be refused, so please DON'T ASK IT.

ADVICE!

Make your purchases in the mornings when you will have time to see the bargains, be better served, and above all, wh will be able to avoid the afternoon rush.

Farmers, Mechanics and Workingmen, (Look to your interest,) these are hard times, so take advantage of this cheap sale, and save money by buying your goods who you can get them the cheapest.

N. B.—County merchants Milliners and Peddlars are specially invited to attend this great sale

Another Great Battle

THIRTY-NINE THOUSAND

Dollars worth of superior Fall and Winter Dry Goods and Clothing to be sold off at Walsh's Commercial House, during the next thirty days, commencing SATURDAY, SEPTEMBER 29TH.

PART

Of these goods were seized in transit, having been imported by a wholesale firm who became insolvent, and were purchased by the undersigned at a great sacrifice. The above also comprises a Bonkrupt Stock and first-class staple goods purchased at the recent Great Auction Trade Sales in Toronto, at extraordinary low prices. The whole forming one of the largest and best assorted stocks of Fall and Winter Dry Goods and Clothing that has ever been shown in Belleville.

We have not time

To give a list of the prices that these goods will be sold at in this advertisement, but will do so in our circulars which will be issued in a few days, also in next week's Ontario. In the meantime, we can assure our customers we will sell the goods at prices that will astonish every one.

BENEFITS.

In order that the benefits to be derived from this great sale may be within the reach of all, the goods have been marked sow and the inducements that are officed are so great that all the sales of bankrupt stocks and the thousand and one other sale hat have flooded the market this year fade away and disappear into insignificance when compared with this most gigantic sale

Terrible! Terrible!

To see goods sacrificed in such a manuer. They are actually throwing them away. It will be a great blessing to the trade when they are sold out. These words may be often heard among dry goods merchants when they are talking about Walsh's Great Cheap Sale. It is very true we are almost throwing the goods away, but we are recompensed for it, by selling tremenduous quantities and having our store crowded from morning till night,

On the Take.

On the Take means that we are bent upon taking money. All ideas of profits or of making money during this great cheap

A. T. Stewart.

This celebrated New York merchant during a crisis let his goods go for any price to help the public, hence his great name and glory. We always make it a point to sell cheaper than any one else, and do not mind selling without a profit when times are so hard and money so scarce.

ALWAYS

Trade with those who handle large lines of goods. We will handle tremendous piles this Fall. With unsurpassed facilities and a constant and steady increase in our business we are enabled at any time to grapple the LARGEST lines, quantity being no object, as long as the value is satisfactorp. Customers may, therefore, always rely upon finding with us the most desirable and seasonable goods at ruces not to be approached by others.

Opportunity.

This will be, we believe, the best opportunity the public have ever had of purchasing new, staple, standard, first-class goods nearly half, the price usually asked for them.

What they say.

There are merchants in this town who are in the habit of saying that we always sell our goods too cheap. We wonde that the will shink of us now when they hear of the low figure of each article on our price list (see cirular). However won't care so long as we benefit the public, and that we are bound to do this Fall.

THANKS.

We beg to tender our most sincere thanks to the public for the extraordinary success which has attended our Great Bank-rupt Sale during the summer, and in order to retain our reputation of being the cheapest dry goods house in town, we are now prepared to offer some of the most stupendous bargains that have ever been seen in Belleville. The goods are marked so will be distribute the most stupendous bargains that have ever been seen in Belleville. WHY

Everybody wishes to go to Walsh's? All want to buy goods at Walsh's. Why? because it is universally known that everything is sold cheaper there than anywhere else.

GO FAST.

These goods will run off fast, so parties in search of bargains would do well to call at once

NO CREDIT

All sales strictly cash, credit will positively be refused, so please don't ask it.

ADVICE!

Make your purchases in the mornings when you will have time to see the bargains, be better served, and above all, when will be able to avoid the afternoon rush.

Farmers, Mechanics and Workingmen,

(Lookto your interest,) these are hard times, so take advantage of this cheap sale, and save money by buying your goods to can get them the cheapest. N. B.—County merchants Milliners and Peddlars are specially invited to attend this great sale
